It is with great pleasure that I welcome you to take part in the 2nd Joint World Conference on Social Work and Social Development: Action and Impact in Stockholm. During the conference we will be taking the next step towards full compliance with the Global Agenda launched in Hong Kong two years ago. 2,500 of us from over 106 countries are participating, and in 180 workshops, 12 symposia and five plenary sessions we will be pushing the Global Agenda forward.

I trust you will all have a lot of networking opportunities and will meet many new friends. Working together against the backdrop of our beautiful city, we are certain to find these summer days memorable.

Chair of the Local Organizing Committee
Master of Laws
We strive for equal health and social care

The National Board of Health and Welfare works to ensure good health, social welfare and high-quality health and social care on equal terms for the whole Swedish population.

In eleven workshops we share with participants our contributions to Human Rights and Social Equality in the areas of: Active and dignified ageing, Disability – and the struggle for inclusion, Perspectives on Children at risk, Violence against women and The right to health and social equality.

Come and get to know our national reports on public health and social conditions, how we work with national guidelines, guidance, training, supervision, statistics and many other tools and methods.

If you want to read more about us and our work you will find a brochure in your conference bag. You can also visit our website: http://www.socialstyrelsen.se/english alt. http://www.socialstyrelsen.se

You can find us in the Final Programme in these sessions and topics:

Session:

Network 12: Strategies and challenges in the implementation of evidence-based practice: making sense of puzzling findings from international replications in Sweden

WS 011: BBIC – a safer way to protect and support

WS 035: New method shows disabled people’s living conditions in Sweden

WS 047: The potential of Swedish health care to increase equity in health

WS 057: Initiatives to meet abused women’s needs

WS 064: Making children’s voices heard

WS 085: Education as a tool to prevent violence against especially vulnerable groups of women

WS 098: Open comparison and assessment of social services’ operations – a unique tool for decision making

WS 118: Personal assistance – a means of inclusion

WS 146: National guidelines for care for people with dementia

WS 149: Supervision is effective – for women victims of violence and children witnessing violence

Vision is a Fair Union

Vision wants fair working conditions. Our efforts to achieve this are not confined to our own workplace, or even within our country’s borders.

We want to take our responsibility as far as we can. By making conscious choices in our everyday lives, we can contribute to sustainable development at home and abroad. That’s what it means to be a Fair Union.

Vision is one of the leading trade unions in Sweden with its 160 000 members. Our members represent many professions - such as social workers, economists, engineers and many more.

The National Association of Social Work invites you to the symposium:

Why innovate in Social Work?

Public sector is challenged by innovation in private sector and accused for being laid back and non-innovative. Our point of departure is that the public sector has been and will be innovative. This is also true for Social Work. In this seminar we will focus on possibilities and limitations in using an innovative approach. Researchers from three different countries will share their experiences and introduce an upcoming and relevant book on welfare innovation.

World Conference on Social Work and Social Development 2012
Tuesday 10 July 2012
Socialhögskolan, Stockholm

Student conference
Tuesday 10 July 2012
Welcome to the Joint World Conference on Social Work and Social Development – Student Edition!

The Student Union of Social Work in Stockholm – SSAS – is proud to announce that this year we will arrange an International Conference for students in addition to the major event, on the 10th of July. There will be symposiums concerning social work with a student perspective.

Time:  14:00 – 18:00
Venue:  Department of Social Work, Stockholm University, Sveaplan, Sveavägen 160, Stockholm.
Transportation: Bus 59 from Stockholm Central Station (Klarabergsviadukten) to Sveaplan.
Busses (free of charge) from the Stockholm International Fairs directly to the Student Conference.

Entrance fee: Free of charge for all visitors of Social Work and Social Development.

We would appreciate if you send us an email to worldconference@socarb.su.se with your name, country, department/university and, if possible, contact information during your stay in Sweden.

Some of the speakers at the Student Conference are:
Malcolm Payne – famous professor and social worker
Nour el Refai – a Swedish comedian/entertainer, who will speak about feminism.
Maria Hallenius Henrysson & Srour Gabro – founders of Swedish Social Workers without borders. They will have two lectures, one about being a social entrepreneur, and one about their organisation and current projects.
Carin Holmberg – Ph.D. sociology, feminist and author.
Representatives from The Swedish National Union of Students (SFS)
BRIS (Children’s Rights in Society)

During the day, you will be able to buy coffee, beverages and lighter food in our cafeteria.

Student Conference Party!
Tuesday 10 July 2012
We invite you all to come party with us! There will be dinner and entertainment, and of course a lot of dancing and time to mingle!

Time:  20:00 – 01:00
Venue:  Same as the Student Conference, see above

How to register:
Please visit http://studentconference.se for instructions. You will also be able to buy tickets for the party at the Student Conference during the day, as long as there are tickets left!

We hope to see you all on 10 July!

/The Student Union of Social Work in Stockholm – SSAS
Akademikerförbundet SSR is one of the main sponsors of this event. We are so happy that you are here on this Joint World Conference.

We are the leading Trade Union and Professional Association of University Graduates in Social Sciences; especially Social Work, Human Resource Management, Political Science and Economy. Our 62 000 members can be found in all sectors of society, also as managers and entrepreneurs. We are one of the fastest growing Trade Unions in Sweden and have a firm belief that the success of a Trade Union lies in the double action; both in being a Trade Union with firm beliefs concerning issues like Social Welfare, Human Rights, Social Equality and Sustainable Development, but also offer advanced Professional Services to our members.

We have a lunch seminar during the conference where we describe how we work as both a Trade Union and as a Professional Association. Come and listen and discuss with us issues as:

- the importance of Trade Unions - the components of the Swedish model
- why and how we work with action on a professional and Trade Union basis
- how we advocate our members and how we influence Policy Makers

The seminar is taking place Monday July 9th at 1 pm in Room K2.

Satellite symposium Why innovate in Social Work?
Organizer: National Association of Social Work in Sweden
Room: K11

Public sector is challenged by innovation in private sector and accused for being laid back and non innovative. Our point of departure is that the public sector has been and will be innovative. This is also true for Social Work. In this seminar we will focus on possibilities and limitations in using an innovative approach. Researchers from three different countries will share their experiences.

**Lunch in the exhibition hall**
13.00 – 14.00

**Satellite Symposium Speak out – Make a difference**

**Organizer:** Vision  
**Room:** K11

To achieve changes for people and to develop the society, the social perspective must be explained and the professional voice must be herd. The dialogue between policy makers and social workers must be opened and respected.

Vision invites you to a seminar on the importance to Speak Out, and the possibilities to actually do it.

What conditions applies to social workers freedom of expression, freedom of information and what they can say on social media?

And how can we find a way in which the experiences and opinions of social workers will be reflected in social policy?

You will meet:

*Gudrun Schyman, Freelance feminist, local politicians and former social worker*
*Daniel Falk, Legal adviser, Vision*
*Yvonne Ahlström, National officer, Vision*

13.00 – 14.00

**Satellite Symposium Cannabis Prevention in the "Three City Project"**

**Organizer:** Ministry of Health and Social Affairs  
**Room:** K2

The three major cities in Sweden, Stockholm, Göteborg and Malmö, have during latter years seen an increasing use of cannabis among young people. Therefore, the cities have joined in a three-year project aiming at reducing this trend. The work will be carried out on three levels: universal prevention, early intervention and treatment. The presentation will discuss the chosen strategies and actions of the project. The project is supported by the Ministry of Health and Social Affairs in Sweden.

**Lunch in the exhibition hall**
Today, there is an international consensus on the need to reduce the social inequalities of health by addressing not only the risk factors but also by modifying the social determinants more upstream. These determinants affect directly the conditions of the well-being of the populations.

Action on the social determinants of health calls for new public health approaches. In Europe, some national and regional health authorities have implemented actions targeting the social determinants of health. The purpose of this satellite symposium is to present some experiences in this field in France and in Great Britain.

About the International Owners

The International Association of Schools of Social Work (IASSW)
IASSW is the worldwide association of schools of social work, other tertiary level social work educational programmes, and social work educators. The IASSW promotes the development of social work education throughout the world, develops standards to enhance quality of social work education, encourages international exchange, provides forums for sharing social work research and scholarship, and promotes human rights and social development through policy and advocacy activities. IASSW holds consultative status with the United Nations and participates as an NGO in UN activities in Geneva, Vienna and New York. Through its work at the UN and with other international organizations, IASSW represents social work education at the international level. (www.iassw-aiets.org)

The International Council on Social Welfare (ICSW)
The International Council on Social Welfare (ICSW) was founded in Paris in 1928. It is a non-governmental organization which represents national and local organizations in more than 70 countries throughout the world. Membership also includes major international organizations.

ICSW’s member organizations represent tens of thousands of community organizations that work directly with people in poverty, hardship or distress. Its members are independent organizations working in their own communities rather than branches of organizations based in other countries. Many have been established by people who are themselves experiencing hardship.

Within their own communities, ICSW’s network of organizations provides help for a wide range of people who are poor, ill, disabled, unemployed, frail or oppressed. They help young people, older people, families, indigenous peoples, migrants, refugees and others who are experiencing special hardship or vulnerability. (www.icsw.org)

The International Federation of Social Workers (IFSW)
The International Federation of Social Workers (IFSW) is a global organization striving for social justice, human rights and social development through the development of social work, best practices and international cooperation between social workers and their professional organizations. Representing professional social work organisations from 84 countries with more than 510,000 social workers in all parts of the world, IFSW has special consultative status with United Nations Economic and Social Council as well as representation to the United Nations in Geneva, New York, Vienna and Nairobi. IFSW is also accredited to the International Labour Organisation, UNICEF, the Council of Europe and the European Union, (www.ifsw.org)
The Global Agenda – Our Commitments

As social workers, educators and social development practitioners, we witness the daily realities of personal, social and community challenges. We believe that now is our time to work together, at all levels, for change, for social justice, and for the universal implementation of human rights, building on the wealth of social initiatives and social movements.

We, the International Federation of Social Workers (IFSW), the International Association of Schools of Social Work (IASSW), and the International Council on Social Welfare (ICSW), recognise that the past and present political, economic, cultural and social orders, shaped in specific contexts, have unequal consequences for global, national and local communities and have negative impacts on people. Specifically, we recognise that:

- the full range of human rights are available to only a minority of the world’s population;
- unjust and poorly regulated economic systems, driven by unaccountable market forces, together with non-compliance with international standards for labour conditions and a lack of corporate social responsibility, have damaged the health and wellbeing of peoples and communities, causing poverty and growing inequality;
- cultural diversity and the right to self-expression facilitate a more satisfactory intellectual, emotional, moral and spiritual existence, but these rights are in danger due to aspects of globalisation which standardise and marginalise peoples, with especially damaging consequences for indigenous and first nation peoples;
- people live in communities and thrive in the context of supportive relationships, which are being eroded by dominant economic, political and social forces;
- people’s health and wellbeing suffer as a result of inequalities and unsustainable environments related to climate change, pollutants, war, natural disasters and violence to which there are inadequate international responses.

Consequently, we feel compelled to advocate for a new world order which makes a reality of respect for human rights and dignity and a different structure of human relationships.
